## Program Overview + Information

Our program is designed to ensure that students access their remote learning and have fun on snow days. The morning will be spent assisting the students with their zooms/at home learning materials and completing academic work. In the afternoon, students will participate in various activities at the YMCA including swimming, games, arts and crafts, etc.

Students should bring: outdoor clothing (jacket, gloves, hat, etc), swimsuit and towel, any homework that needs to be completed + iPad, water bottle, extra socks, tennis shoes, 1-2 snacks, and a packed lunch with drink.

Students should not bring: cell phones, iPods/mp3 players, video games, or anything they do not want to lose. The YMCA is not responsible for lost items.

## Policies and Important Information

The main focus of the YMCA is to provide a safe environment for all children and staff. We do require that students wear masks while in the YMCA facilities.

We will require ID's at pick up to ensure the safety of all children and to ensure that the person picking up the child is on the release list. Please list all adults that are allowed to pick up your child when registering for the program.

We will have a REMIND group for Snow Camp where we can communicate about location changes, delays, and information about the program. You are required to join this group to ensure you are receiving the most up to date communication about your child.

We are so excited to have you join us this winter! 😊
